

Keep labels neat, orderly and clean!

Easy to load, easy to use label dispensers protect and consolidate your food rotation labels so they are ready when you are. The open design provides high visibility for replacing inventory.

Choose from dishwasher safe plastic or heavy-duty aluminum. Multi roll dispensers have spacers to keep each roll dispensing independently. The unique feed design separates label from backing easily.

All dispensers feature keyhole cut outs for mounting to wall (except 818312 and 818313).

*3/8" wide spacers used with aluminum dispensers—10 per package.

Item No. 818303

Plastic Dispenser

Includes clear protective lid. Plastic dispenser holds 3/4" or 1" wide rolls.

Item No. 818301

Plastic Dispenser

Holds up to 3" wide rolls.
