Easy Cut™

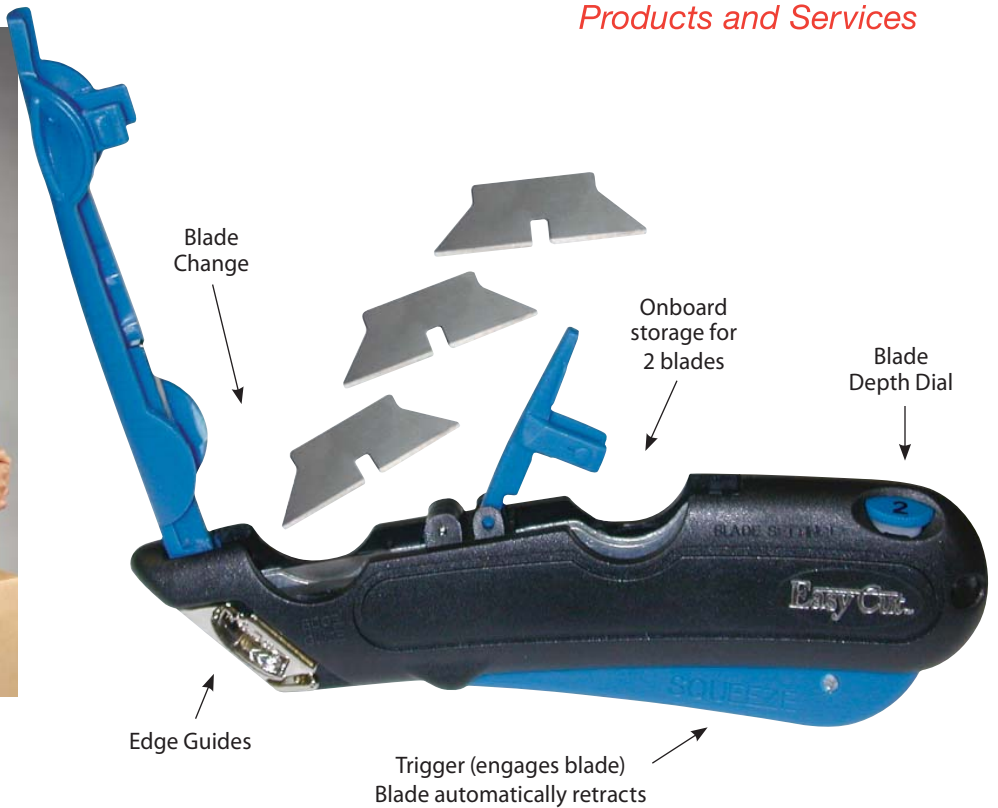

EasyCut™ System with built-in safety features provides the ultimate in protection!

✓ Prevents damage to goods inside the box...safeguards your employees against accidental mishaps

- ✓ Because both ends of the blade are usable, you get twice the cutting power
- ✓ The EasyCut™ System includes 1 cutter, 1 holster and 1 detachable lanyard

EasyCut™ System

Monarch®
Products and Services

Ambidextrous—one cutter fits all

- ✓ Unique edge guides adjust to fit left or right hand users

Nearly impossible to misplace—cuts down on lost production

- ✓ The handy holster with left or right hand clip and detachable stretch lanyard, keeps EasyCut™ at your employees side at all times

Easy & Safe to use

- ✓ Squeeze the trigger, the blade engages. Blade automatically retracts when cut is complete
- ✓ Takes half the strength to cut boxes
- ✓ Control the blade depth. Choose from 3 precise blade settings. Match depth of cut to carton thickness
- ✓ Blade lock position for additional safety
- ✓ Top-load blade carriage—no disassembling of cutter to replace blade
- ✓ Both ends of blade usable
- ✓ Includes 3 total blades, one is pre-loaded

EasyCut SAVES you money

Because only the blade needs replaced—the EasyCut™ is reusable time after time.

Blade Box offers additional protection

Eliminates problem of used blades left lying around. The EasyCut™ System features an innovative locking, unbreakable replacement blade box with used blade disposal all in one.
