

Companion Products for Monarch® 9854® and Monarch 9864® Tabletop Barcode Printers

Productivity Enhancements

Enhance your system's productivity with specially designed accessories and leading edge companion products that seamlessly integrate with your Monarch® 9854® and Monarch® 9864® tabletop barcode printers.

Cutter. When medium batches of tags or strips of labels are required, the bolt-on cutter provides an effective solution. For the Monarch 9854 printer, order as assemble to order. For industrial, mid- to-high volume tag applications with print speeds up to 16 ips and supply widths to 10", choose the Monarch 9864-04PC, -05PC, -06PC and -08PC.

Monarch® 939i® Keyboard

Inline Verifier. Gives you peace-of-mind performance with the ability to back feed and overprint bad tags or labels to ensure unscannable tags and labels will not be used. Tags and labels can be verified at the top printer speed, so productivity is high. This verifier is an option for the Monarch 9864 printer.

Mini PS2 Keyboard. English QWERTY keyboard with standard PS2 connector allows operator input and menu navigation for both the 9854 and 9864 printers, for formats stored on a compact flash card in printer.

Catch Tray. Use with the Monarch 9854 printer to hold up to 300 cut tags in a batch.

Compact Flash Card. For format, font and graphic storage.

Foot Switch. Use for hands free on-demand operation.

Monarch® 939i™ Keyboard. The Monarch 939i Keyboard features a full QWERTY layout with separate calculator numeric keys. The keyboard also features a 2-line x 40 character backlit display for easy prompting and data entry. Use it for data manipulation, data entry, and when attached to a scanner, data collection. Custom programming required.

Companion Products for Monarch® 9854® and Monarch 9864® Tabletop Barcode Printers

Monarch®
Products and Services

LTSI Applicator Arm. Print variable information to an item when needed, right at the point of application. Quickly adapts to labeling diverse item types. Use to streamline operations and eliminate print rooms that print, stack, distribute, and match labels to items.

Remote Display. For use in areas where the operator needs to see the display remotely, up to 4 feet away.

Monarch® 935™ Rewinder. Designed to take-up an entire roll of labels. Coreless operation available. Accommodates supply widths of up to 4.125". With its small footprint, you have a fast, flexible, easy-to-use solution. Designed for use with the Monarch 9854

LTSI Applicator Arm and Monarch 9864-04 printers as well as our other desktop and tabletop printers. Bolt-on rewind also available for use with the Monarch 9864.

Monarch® 935® Rewinder
