

Monarch® Mobile Work Stations for Retail

Monarch®
Products and Services

On Demand Mobile Printing

Monarch Mobile Work Stations (MWS™) are efficient, self-contained alternatives to back room, batch printing. With battery life up to 100 hours, you can keep the Monarch MWS unit on the selling floor, eliminating process steps, including unnecessary walks, multiple handling of product and manual verification.

On-demand mobile printing, or taking the printer to the product, reduces labor hours, improves pricing accuracy and increases management flexibility to allocate in-store personnel resources.

The Perfect Fit

The Monarch Mobile Work Station for Retail is the perfect fit for:

- Sign Printing
- In-Aisle Printing
 - Markdowns
 - Shelf Labeling

In-Aisle Pricing Solutions

Compact MWS units, with a smaller footprint for greater maneuverability allow you to take the printer to the product no matter how narrow the aisle!

Now you can:

- Print shelf and markdown labels right in the aisle!
- Complete pricing tasks in “one lap” of the department!
- Perform markdowns in the aisle, then move to the POS for re-ticketing returned goods!

From receiving to the aisle to POS, this compact mobile solution can be positioned where you need it, when you need it!!

Mobile Sign Printing

Print signs one at a time, right on the selling floor!

- **Improve sign accuracy.** The right sign is automatically verified and printed at the product- no sorting, organizing or manual matching. Multiple MWS configurations are available to accommodate your sign printing needs.
- **Eliminate Waste** - No need to print extra signs. Print what you need, when you need it.
- **Increase Sales** - Promotional signs are in place sooner.
- **Improve Customer Satisfaction** - Keep your associates on the selling floor.

Features and Specs at a Glance

- Enables On-Demand Printing at the Product or Display

- Operate Peripherals Such as Laser Printers, Tabletop Printers and More Powered by the Mobile Work Station

Monarch® 9878-C1™ MWS™
Dimensions:
Height – 37" (940 mm)
Width – 20.5" (521 mm)
Length – 22.0" (559 mm)
Wheelbase - 18" (457 mm)
Weight – 115 lbs. (52 kg)

Battery Power:
12 VDC, 300 W/115VAC (pure sine wave) inverter. Provides sufficient power to run a desktop printer for 6-10 hours before requiring a charge.

Monarch® 9878™ LSP MWS™
Dimensions:
Height – 37" (940 mm)
Width – 20.5" (521 mm)
Length – 39.5" (1003 mm)
Wheelbase - 18" (457 mm)
Weight – 200 lbs. (91 kg)

Battery Power:
24 VDC, 1000 W/115 VAC (pure sine wave) inverter. Provides sufficient power to run a medium-sized laser printer for 6-10 hours before requiring a charge.

Monarch® 9878-03™ MWS™
Dimensions:
Height – 37" (940 mm)
Width – 20.5" (521 mm)
Length – 39.5" (1003 mm)
Wheelbase - 18" (457 mm)
Weight – 160 lbs. (73 kg)

Battery Power:
24 VDC, 300 W/115VAC (pure sine wave) inverter. Provides sufficient power to run a laptop and data terminal for 20-100 hours (based on equipment) before requiring a charge.

Monarch® Supplies: For smooth and reliable performance, only Monarch supplies are recommended for use with Monarch printers. Our labels scan virtually 100% of the time, cutting wasted rescanning and labeling time.

Monarch® Service: Every Monarch printer is fully supported by Monarch Service, the largest network of experienced, full-time bar code and RFID technicians in the industry.
